instructor COURSE OUTLINE

SOC: 25-1194 / CIP: 12.0413

DESCRIPTION: The primary purpose of the Instructor Course is to train the student in the basic teaching skills, educational judgments, proper work habits, and desirable attitudes necessary to pass the State Board examination and for competency in job entry level employment as an Instructor or related career avenue.

OBJECTIVES: Upon completion of the course requirements, the determined graduate will be able to:

1. Project a positive attitude and a sense of personal integrity and self-confidence.
2. Practice proper grooming and effective communications skills and visual poise.
3. Understand employer employee relationships and respect the need to deliver worthy service for value received.
4. Perform the basic skills necessary for teaching including writing lesson plans, performing lectures and demonstrations, directing student projects, using library resources and audio-visual aids, conducting theory class instruction and measuring student achievement, supervising clinic operations, and maintaining required student records.
5. Apply the theory, technical information and related matter to assure sound judgments, decisions, and procedures.

To ensure continued career success, the graduate will continue to learn new and current information related to techniques, communications skills and teaching methodologies to improve teaching skills.

FORMAT: The clock hour education is provided through a sequential set of learning steps which address specific tasks necessary for state board preparation, graduation and job entry level skills. Clinic equipment, implements, and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative, and productive career oriented activities. The course is presented through well-developed lesson plans, which reflect current educational methods. Subjects are presented by means of demonstration and student participation. Student Instructors will demonstrate their level of competency through completion of required classroom and clinic student teaching activities. Audio-visual aids, guest speakers, field trips and other related learning methods are used in the course.

REFERENCES: Students follow Milady's Master Educator Student Course Book. A comprehensive library of references, periodicals, books, texts, and audio/video tapes are available to support the course of study and supplement the students' training. Students should avail themselves of the opportunity to use these extensive materials.

GRADING PROCEDURES: Students are assigned theory study and a minimum number of practical experiences. Theory is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion ONLY when rated as satisfactory or better. Practical skills are evaluated according to text procedures, performance standards established by the state licensing agency, and set forth in the Practical Skills Evaluation Criteria. Students must maintain a theory grade average of 75% and complete of all written and practical requirements including the final written and practical examination with passing score prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:
