

To: Any student awarded Coronavirus Response and relief Supplemental Appropriations Act, 2021

Students may give the Institution permission to apply funds from the CRRSA grant to the student's ledger (for any balance on ledger prior to December 27, 2020). Students have discretion about how they receive their grant and institutions must receive affirmative consent from the student before using financial aid grants to satisfy a student's outstanding balance.

I _____ give consent for the Institution to retain awarded grant funds in the amount of \$_____ I understand the school will apply my grant funds towards the outstanding balance on my ledger. I have done this by my own free will and was not coerced by any faculty member.
